"*Dear registries,*

Thai National Stem Cell Donor Registry (TSCDR; ION 8362) has a problem receiving email. Meanwhile, our IT team is fixing the system, please include the email: tscdr.redcross@gmail.com additionally in all emails to avoid missing communication.

Kind regards

Thai National Stem Cell Donor Registry (TSCDR; ION 8362)"

REDOME Survey

Please help the Brazilian Bone Marrow Donor Registry, REDOME, by filling out their survey: **here**.
Redome has initiated a research plan to evaluate REDOME as part of Brazilian public policy for unrelated hematopoietic stem cell transplants, compared to other international registries. The research's main focus is on sustainability and some financial data are fundamental to performing economic analysis.

Join the next Registry Ops & Reg Committee Meeting on 18 April, 2024

The Registry Operations and Regulation Committee will be reviewing the Global Trends Report Questionnaire. Would you like to join and give your input? Click **here** to register for the upcoming meeting on Thursday, 18 April from 13:00 - 14:00 CET. Find more details **here**.

WMDA strongly condemns the violence that is occurring in Ukraine, Israel and Gaza. We offer our sympathies to all those who are suffering because of these conflicts. We extend our support to the donor registries and medical centres whose donors and patients are negatively affected by these crises.
