Call for Nominations 2025

The WMDA Office warmly invites WMDA members to nominate candidates for the positions which will become vacant on January 1, 2025. The nomination period will run from 1 May - 1 July 2024.

On 1 May the official communication, including nomination link, has been sent to all members.

Join the next Registry Ops & Reg Committee Meeting on 27 May, 2024

The Registry Operations and Regulation Committee will be reviewing the second part of the Global Trends Report Questionnaire. Would you like to join and give your input? Click **here** to register for the upcoming meeting on Monday, 27 Mayfrom 13:00 - 14:00 CET. Find more details **here**.

REDOME Survey

Please help the Brazilian Bone Marrow Donor Registry, REDOME, by filling out their survey: **here**.
Redome has initiated a research plan to evaluate REDOME as part of Brazilian public policy for unrelated hematopoietic stem cell transplants, compared to other international registries. The research's main focus is on sustainability and some financial data are fundamental to performing economic analysis.

WMDA strongly condemns the violence that is occurring in Ukraine, Israel and Gaza. We offer our sympathies to all those who are suffering because of these conflicts. We extend our support to the donor registries and medical centres whose donors and patients are negatively affected by these crises.
