Click [here](#) to register for the upcoming committee meeting of the Registry Operations and Regulation Committee on Tuesday, 19 March from 13:00 - 14:00 CET. Find more details [here](#).

November 27, 2023

Information from Karelian BMD Registry (ION 8256)

1. Shipping donor's blood samples for confirmatory typing is possible to all countries of the world with the exception of Syria, Cuba and North Korea. Shipping times depend on the specific country receiving the parcel with blood samples.
2. Donor's medical examination at the stage of confirmatory typing is carried out in Russia.
3. Work-up and donor's product collection *:

- a) performed in Russia if courier can deliver the donor's product from Russia to the transplant center;
 - b) performed outside Russia if courier is unable to deliver the donor's product from Russia to the transplant center.
- * In each case the decision is made jointly with the requesting registry taking into account the specific situation.

Contacts for requesting centers: e-mail: karelianbmd.donation@yahoo.com; katelian.bmd@onego.ru
tel: +7 905 299 91 8; fax: +7 8142 765 897

WMDA strongly condemns the violence that is occurring in Israel and Gaza. We offer our sympathies to all those who are suffering because of this conflict. We extend our support to the donor registries and medical centres whose donors and patients are negatively affected by this crisis.

Connecting to inspire and drive impact

STRATEGIC PLAN

World Marrow Donor Association
2023 - 2028

- A global community connected by technology, data, quality and education.
- The promotion of donor safety, and the role that registries play to balance donor rights and patient care.
