REDOME Survey

Please help the Brazilian Bone Marrow Donor Registry, REDOME, by filling out their survey: [here](#).

Redome has initiated a research plan to evaluate REDOME as part of Brazilian public policy for unrelated hematopoietic stem cell transplants, compared to other international registries. The research's main focus is on sustainability and some financial data are fundamental to performing economic analysis.

Join the next Registry Ops & Reg Committee Meeting on 18 April, 2024

The Registry Operations and Regulation Committee will be reviewing the Global Trends Report Questionnaire. Would you like to join and give your input? Click [here](#) to register for the upcoming meeting on Thursday, 18 April from 13:00 - 14:00 CET. Find more details [here](#).

WMDA strongly condemns the violence that is occurring in Ukraine, Israel and Gaza. We offer our sympathies to all those who are suffering because of these conflicts. We extend our support to the donor registries and medical centres whose donors and patients are negatively affected by these crises.

Finance & Activities Report 2022

Connecting to inspire and drive impact

STRATEGIC PLAN

World Marrow Donor Association
2023 - 2028

- A global community connected by technology, data, quality and education.
- The promotion of donor safety, and the role that registries play to balance donor rights and patient care.
